36 stations submitted their logs, 24 of them used an electronic keyer.

Top scorers are DLØSLW with electronic key, SF6W with straight key and DKØAG with bug or cootie - congrats!

Only Luc ON7DQ used a cootie within class 3.

NM QSOs without the op name were not counted; these were likely participants in a different contest.

In case of the same number of points, call signs are graded in alphabetical order.

Many thanks once again to all participants for joining in.
Our next friendship party will take place on April 20, 2027.
